M-POS English version

● Basic concept

1. Master POS (sales duty)

2. Slave POS (every crew except sales duty)

※ Full charge is mandatory to all devices

※ English version is only available on main, sales & item info page

● Upto **7** Slave POS can connect to **1** Master POS

- 1 Master in 1 FLT

- Slave need to select among 7 channels

※ you can check details from next page (connection guide)

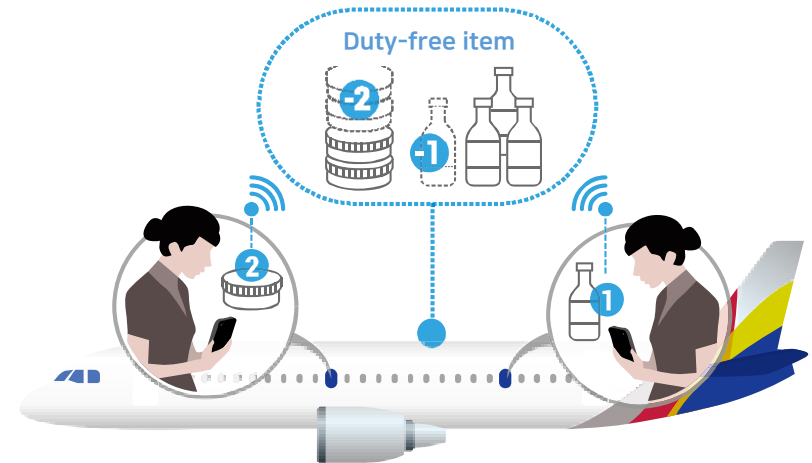

● Master POS download and save all info

- Slave send the sales orders to master

- Slave can check data transferred from the master

● Master POS used to be located on after GLY

● You can check inventory and get sales order in front of the customer
